

From Los Angeles, Pasadena, Orange County & Points East

Take the 5, 405 or 210 freeways to the 118 freeway West, through Simi Valley into Moorpark. As the freeway enters Moorpark, it becomes Route 23. (You can also take the 101 to 23 North, but the 101 is more congested.) Take the 118/New Los Angeles Avenue off-ramp. Go right or West about 5½ miles. Balcom Canyon Rd. is at the end of the lemon grove on your right. Turn right and go about 3½ miles. Do not turn at Stockton Rd/Old Balcom Canyon Rd. At the Balcom Pet Lodge, Balcom Canyon takes a hard 15 mph left turn. We are the first driveway on the left after that turn (one tenth of a mile).

From Santa Monica (approx. one hour), Pacific Palisades & Coastal Cities via Highway 1

Take Highway 1 (PCH) North past Point Mugu. Exit at Las Posas Rd. and go right (East) to Hueneme Rd. and turn right. Continue up Hueneme Rd. which goes over the river, veers left, and becomes Lewis Rd. and runs through Camarillo under the 101 freeway. As Lewis Rd. enters Somis it becomes Somis Rd. Turn left at the T-intersection with Highway 118/New Los Angeles Ave. and go less than one mile. Your first right is Bradley Rd., just past the tractor dealer and the Somis Nuthouse. About 4 miles up, Bradley is joined from the left by Balcom Canyon Rd. Do not turn. We are on the right, ¼ mile past the horse ranch.

From Ventura, Santa Barbara & Coastal Cities to the North

Take the 101 to the 126 freeway East, to the Wells Rd. exit. Go right or Southeast. Wells Rd. goes through Saticoy and ends at New Los Angeles Avenue/118. Turn left at the T-intersection. Travel several miles Eastbound on the 118. After you pass Aggen Rd, turn left on Bradley Rd. Dobson Nursery and the Somis Nuthouse are on the corner. About 4 miles up, Bradley is joined from the left by Balcom Canyon Rd. Do not turn. We're on the right about ¼ mile past the horse ranch.

Or...for an even more scenic route through Santa Paula...Take the 126 freeway into Santa Paula and exit at 10 th St. Turn left (North) under the freeway and then right at the first light (E. Harvard Blvd). Go East a few blocks and turn right under the freeway on 12 th St. Twelfth St. becomes South Mountain Rd. Cross the Santa Clara River and travel about 4 miles. A row of about 50 giant Canary Island Date Palms on your left precedes a right turn (South) onto Balcom Canyon Rd (no buses or trucks). Travel over the crest and down to the T-intersection with Bradley Rd. Turn left (East). We are on the right, ¼ mile past the horse ranch.

From Fillmore or Santa Clarita via the 126 & Route 23

Take Route 23 out of Fillmore to Moorpark. That road becomes Grimes Canyon Rd. This is a slow, winding, scenic road. Head into Moorpark. At Route 118/New Los Angeles Ave. turn right and go a few miles, over the railroad tracks. At the end of the lemon orchard on your right is Balcom Canyon Rd. Turn right, going North, a little over three miles. Do not turn at Stockton Rd/Old Balcom Canyon Rd. At the Balcom Pet Lodge, Balcom Canyon takes a hard 15 mph left turn. We are the first driveway on the left after that turn (one tenth of a mile).

From Santa Clarita and the Antelope Valley via I-5 & Route 126

Take Route 126 west into Fillmore. In Fillmore, take A Street/Route 23 south (or left). Go about one mile and turn right (west) on Pasadena. Go about two miles and turn left (south) on Sespe. After about a half-mile, Sespe veers right onto South Mountain. Continue about two miles and turn left on Balcom Canyon Road. Continue on Balcom Canyon over the top of the hill. As you descend into Somis, you will come to a 'T' intersection. Turn left on Balcom Canyon (to the right is Bradley Road). We are about half a mile on the right.

Open to the Public Saturdays April - June
